

DHANUSH A

Cloud-Native Engineer • Full-Stack Developer • ML Integrations
adhanush596@gmail.com | +91 8075861718 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

MCA graduate (2026) and former DevOps Intern at Rooman Technologies (Score: 100/100) with hands-on experience architecting cloud-native infrastructure, containerized CI/CD pipelines, and AI-powered software solutions. Combines full-stack expertise — from Terraform-provisioned AWS environments and K3s Kubernetes clusters to MERN dashboards and Scikit-learn ML models. Holds Outstanding-grade certifications from Google and AWS via AICTE EduSkills.

TECHNICAL SKILLS

DevOps & Infra: Docker, Docker Compose, Kubernetes (K3s), Terraform (IaC), Ansible, ArgoCD (GitOps)
CI/CD & Cloud: GitHub Actions, Trivy, AWS EC2/IAM/Route53, AWS CLI, Nginx
Programming & ML: Python, JavaScript (ES6+), TypeScript, Java, C, C#, R | Scikit-learn, Pandas, NLP
Web & Databases: MERN Stack, Vite, PHP, HTML5, CSS3 | MongoDB, MySQL, SQL, Git, Linux CLI

PROFESSIONAL EXPERIENCE

DevOps Intern — Rooman Technologies Ltd.

Feb 2026 – May 2026

Orchestrated scalable, version-controlled cloud infrastructure provisioning using Terraform IaC and automated multi-node server configuration with Ansible playbooks to ensure rapid, audit-ready deployments across staging and production environments. Containerized microservice architectures via multi-stage Docker and Docker Compose builds, achieving consistent dev-to-production parity and significantly reducing deployment defects. Additionally, spearheaded GitOps continuous delivery using ArgoCD, enabling Kubernetes workloads to self-heal and auto-synchronize against live declarative manifests with zero manual intervention.

Full-Stack Development Intern — Encode Data Tech

2 Months

Built React front-end components and Node.js/Express RESTful back-end services within Agile sprints; implemented Git branching workflows inside a cross-functional team.

PROJECTS

MERN GitOps CI/CD Pipeline | TypeScript · Docker · GitHub Actions · AWS EC2 · K3s · ArgoCD

- Production-grade TypeScript MERN dashboard with GitHub Actions CI, Trivy container scanning, ArgoCD GitOps on K3s, and Nginx reverse-proxy containerization via multi-stage Dockerfiles.

Mental Health Monitor & Stress Detector | React-TS · Vite · Python · REST API

- React/TypeScript + Vite frontend with Python ML backend delivering stress inference via custom REST APIs — full-stack integration with responsive, accessible UI.

AI-Powered Study Assistant | Python · NLP · Scikit-learn

- NLP-driven desktop app ingesting textbook content to auto-generate summaries and quizzes; includes formal SRS covering preprocessing pipelines and intent parsing.

Intelligent Payroll Management System | Python · Scikit-learn · Pandas · SQL — MCA Mini-Project

- Automated payroll system with Scikit-learn regression for salary forecasting and Pandas-based anomaly detection for data profiling irregularities.

Online Grocery Store | HTML5 · CSS3 · JavaScript · PHP · MySQL — BCA Final Year Project

- Full-featured e-commerce app with user auth, role-based access, dynamic product catalog, and secure MySQL transactional checkout.

EDUCATION

MCA — Srinivas Institute of Technology (SIT), Mangalore

Graduated 2026

BCA | CGPA: 8.2 — Sharada Degree College, Mangalore

Graduated 2024

Pre-University — Science — Parignana PU College

Graduated 2021

CERTIFICATIONS & TRAINING

- HTML5 Application Development** • Ethnotech @ SIT • Jan–Feb 2025 [40hrs · Code: ETHSIT010267]
- AI-ML Virtual Internship** • AWS Academy & AICTE EduSkills • March 2025 • **Grade: O (Outstanding)**
- Research Methodologies & IPR — Elite GOLD** • VTU Centre for Online Education • April 2025
- AI-ML Virtual Internship** • Google for Developers & AICTE EduSkills • June 2025 • **Grade: O (Outstanding)**
- Advanced Python Programming** • Ethnotech Academy (Skill India / NSDC) • July 2025 • **Grade: A** [ID: CERT_3043652]
- Data Analytics Training** • Mphasis Advanced IT Skill Training • — • **Grade: A**
- Machine Learning with Python (ML0101EN)** • IBM Developer Skills Network / Etrain • Mar 27, 2026
- Cloud Computing — Elite GOLD** • VTU Centre for Online Education • Jul 15, 2026 [3 Credits · USN: 4SN24MC005]
